**RE: TROUBLESOME CREEK ENVIRONMENTAL AUTHORITY
CASE NO. 2010-00017**

Dear Ms. Faulkner:

As attorney for Troublesome Creek Environmental Authority (TCEA), I have been asked to respond to your letter of April 12, 2011.

Please been advised that the project is not yet complete. Thus, there are as yet no as-built drawings or statements that the structure has been satisfactorily completed.

There has been, as you might imagine, weather and financial delays which have pushed construction completion back to June. Therefore, we do not consider this information past due and will certify completion at that time.

If you have any questions, you may contact me or Steve Harris of R. M. Johnson Engineering.

Sincerely yours,

Calvin R. Tackett
